

University at Buffalo

URP 581/582 Studio Presentation

Northeast **GREENWAY**

Initiative

Goals & Objectives

Community Connections

Link residents to local and regional assets

Accessibility

Ensure all potential users have access to the trail

Environmental Health

Maintain the integrity of the natural environment

Healthy Neighborhoods

Enable residents to engage in a healthy lifestyle

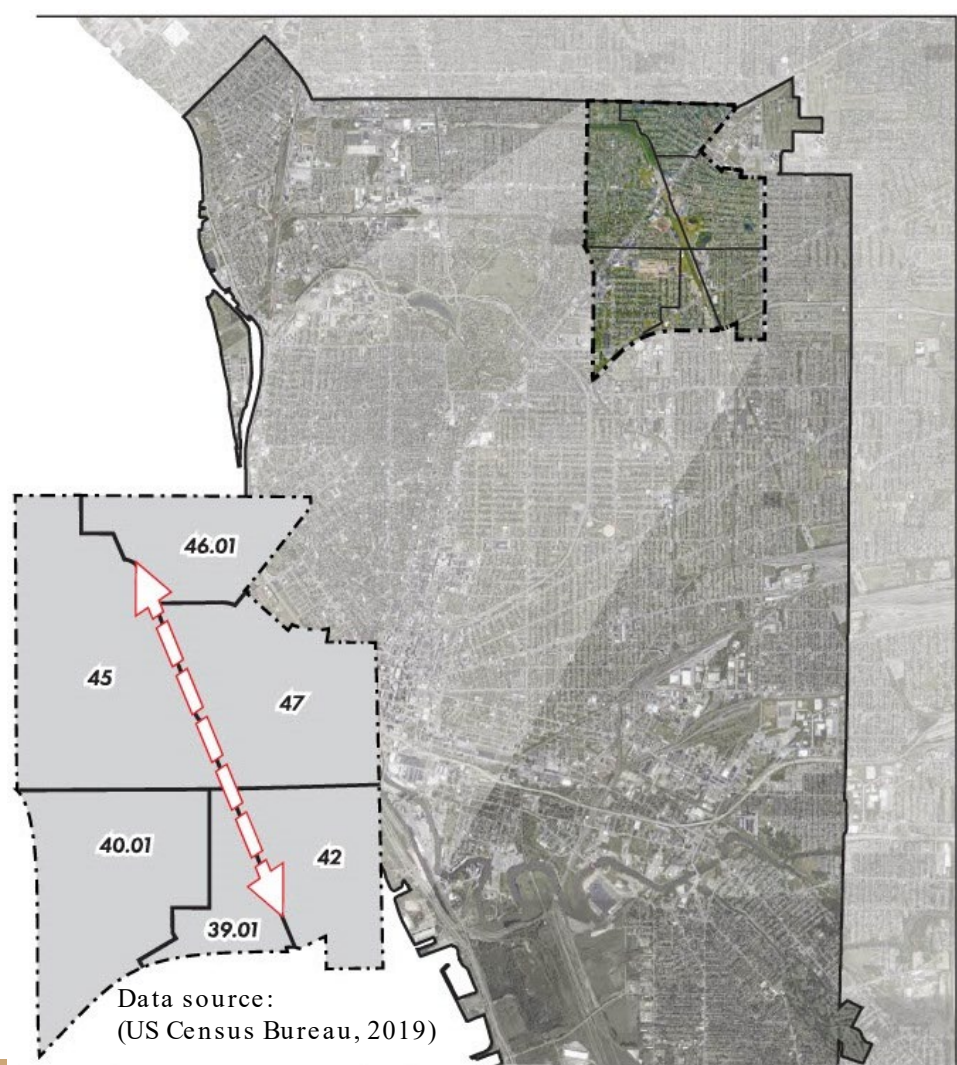

Economic Activation

Activate local and regional economies

Project Site

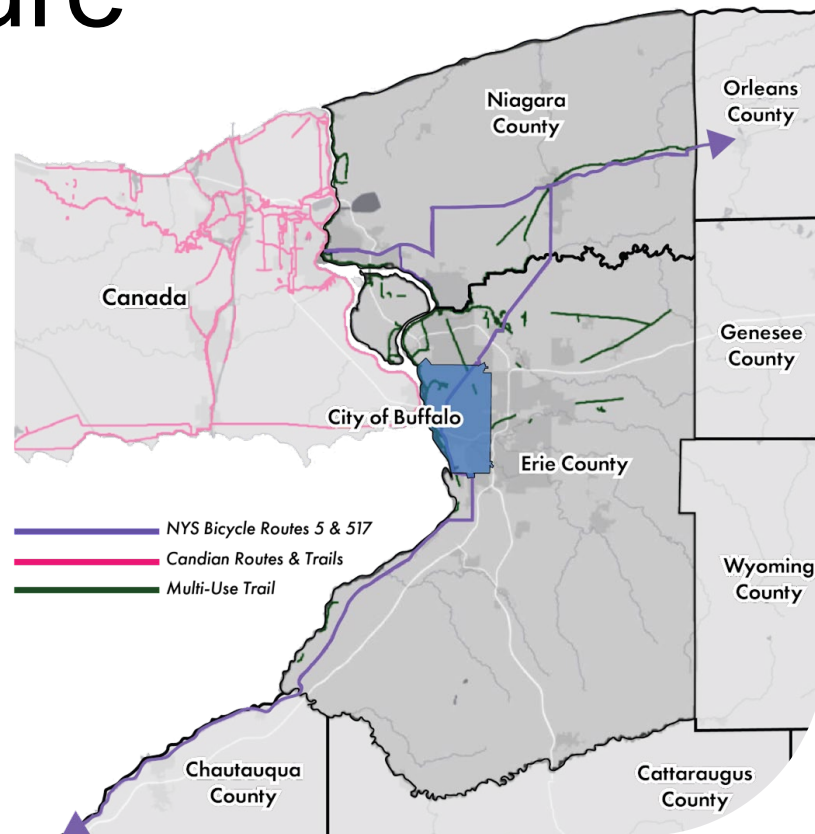

Bicycle Infrastructure

Data Source: (City of Buffalo, 2019a)

Data Source: (GBNRTC, 2019)

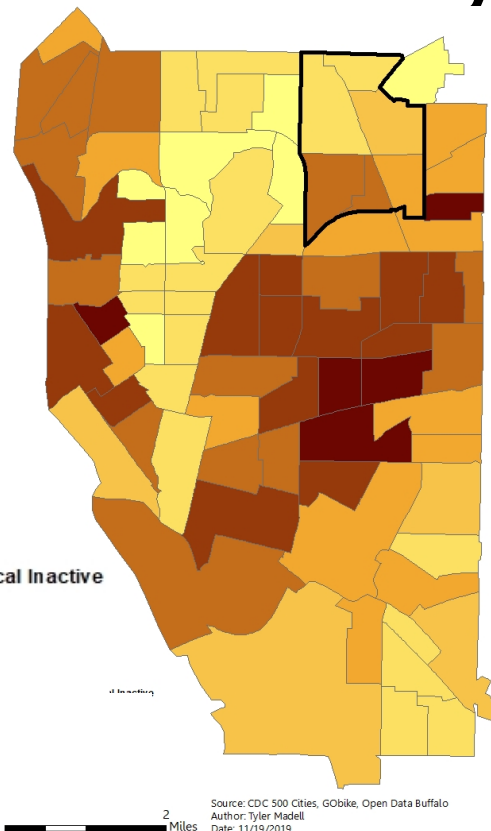

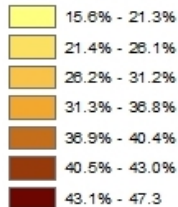

Physical Inactivity and Obesity

Physical Inactivity in Buffalo, NY

 Project Area

Percentage of Adults Self Identified as Physical Inactive

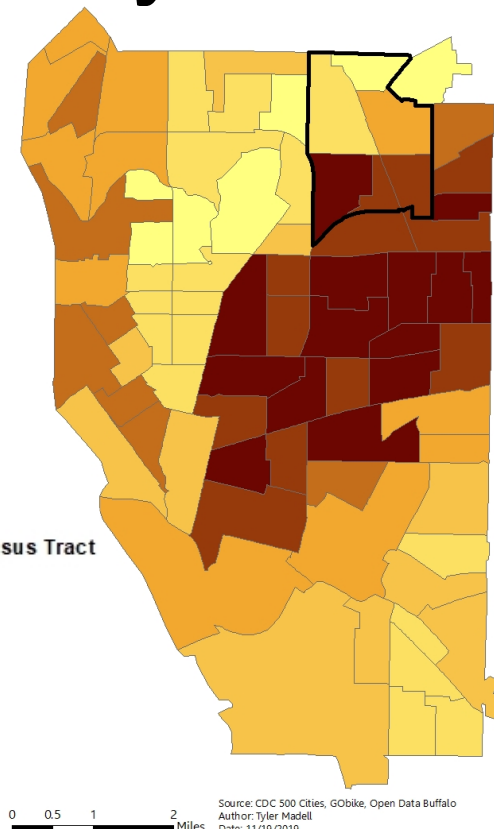

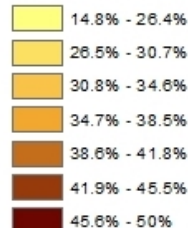

Source: CDC 500 Cities, GOBike, Open Data Buffalo
Author: Tyler Madell
Date: 11/19/2019

Obesity Rates in Buffalo, NY

 Project Area

Percent of Adults who are Obese in Census Tract

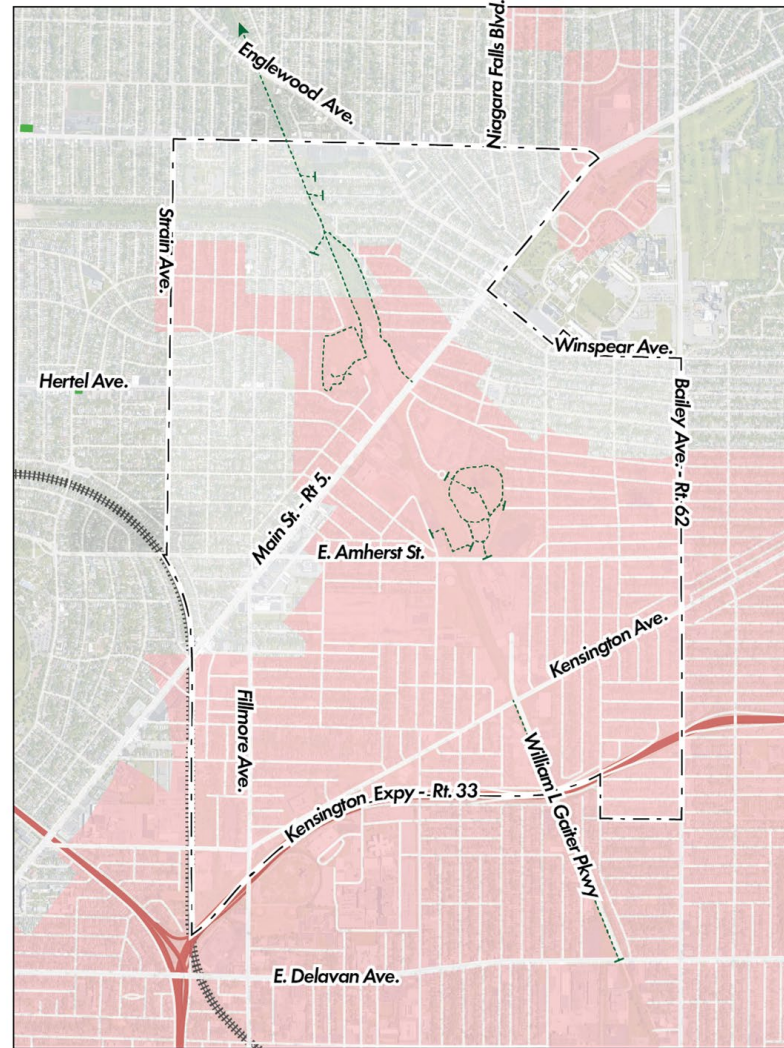

Source: CDC 500 Cities, GOBike, Open Data Buffalo
Author: Tyler Madell

Potential Environmental Justice Areas

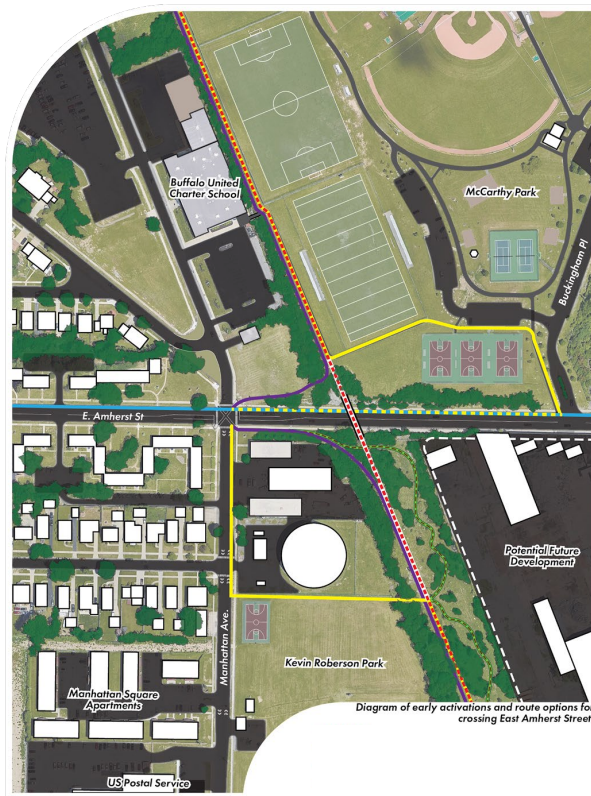

Potential Environmental Justice Area

Data source: (NYSDEC, 2009)

Recommendation

- OPTION 1
 - OPTION 2
 - OPTION 3
 - HIKING TRAIL
- TWO-WAY CYCLE TRACK
- 0 50 100 200 FEET
- NORTH

- PROPOSED TRAIL
- MANHATTAN AVE CONNECTION

North Buffalo Rail Trail to McCarthy Park

- Connecting to North Buffalo Rail Trail
- Crossing Main Street
- Getting to McCarthy Park

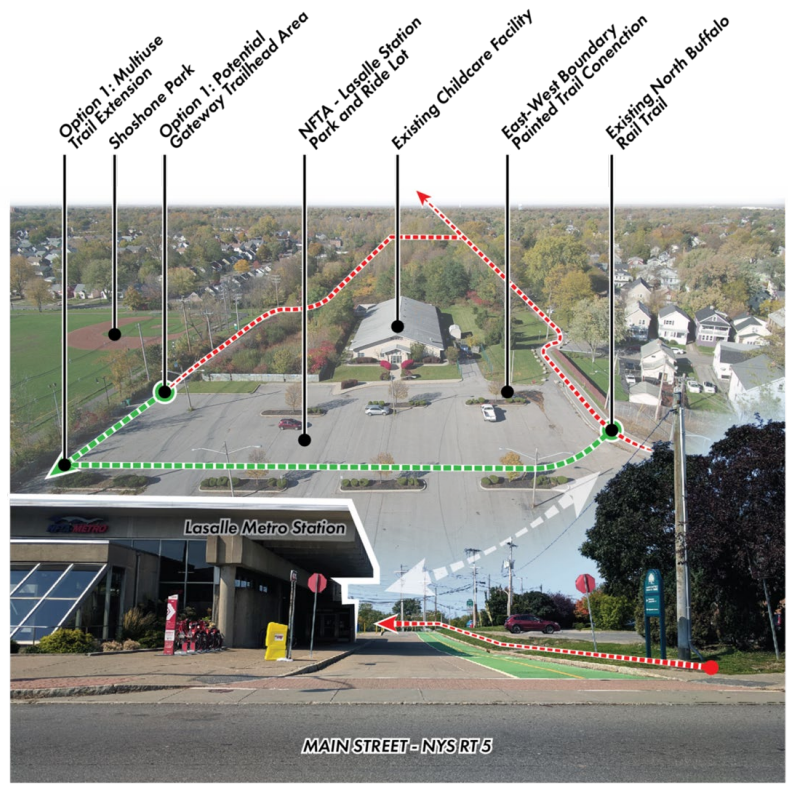

Challenge 1

North Buffalo Rail Trail to Main Street

North Buffalo Rail Trail to McCarthy Park

LaSalle Metro Station Parking Lot

Proposed Changes

An aerial photograph of a city intersection. A wide, multi-lane road runs horizontally across the middle of the frame. Above the road is a large green park area with a few trees and a small circular landscaped area. Below the road is another large green park area with several trees, some of which have autumn-colored foliage. To the left of the road, there are several buildings, including a large one with a flat roof and some smaller structures. To the right of the road, there are more buildings, including a large one with a flat roof and some smaller structures. The road has several cars and a white truck driving on it. There are also some construction vehicles and equipment visible in the upper right corner. The overall scene is a mix of urban development and green space.

Challenge 2

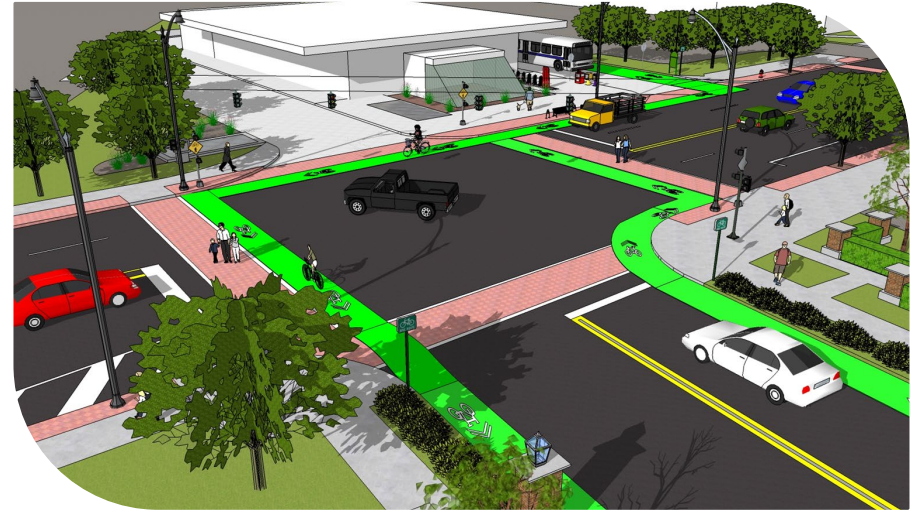

Crossing Main Street

North Buffalo Rail Trail to McCarthy Park

Intersection of LaSalle Ave. & Main St.

Existing Conditions

Proposed Changes

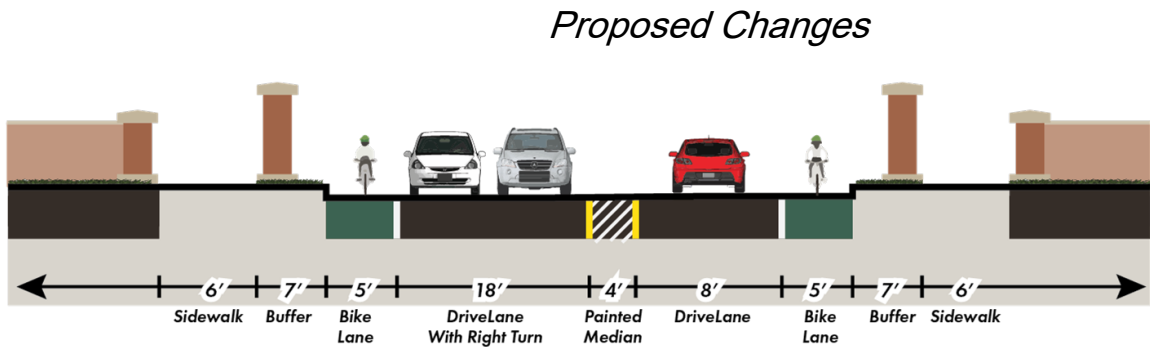

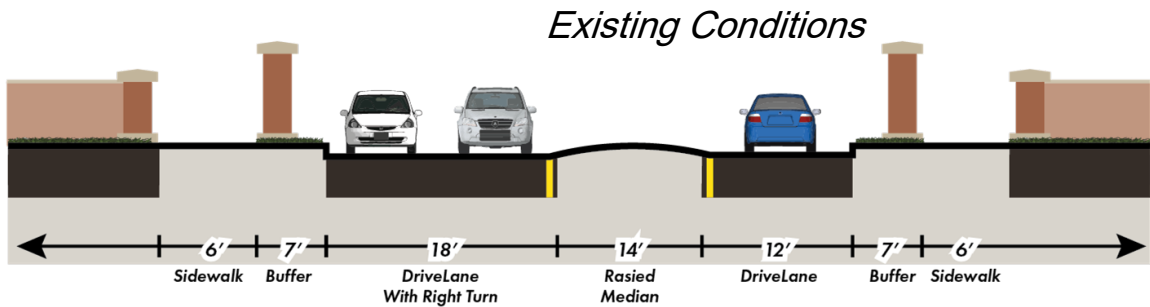

An aerial photograph of a city neighborhood. In the center, there is a large, multi-story apartment complex with a dark roof and light-colored walls. To the right of the apartment complex is a baseball field with a green field and brown infield. Further right is a residential street with houses and trees. In the background, there is a large stadium with a white dome. A tall radio tower is visible on the left side of the image.

Challenge 3

Main Street to McCarthy Park

North Buffalo Rail Trail to McCarthy Park

LaSalle Avenue

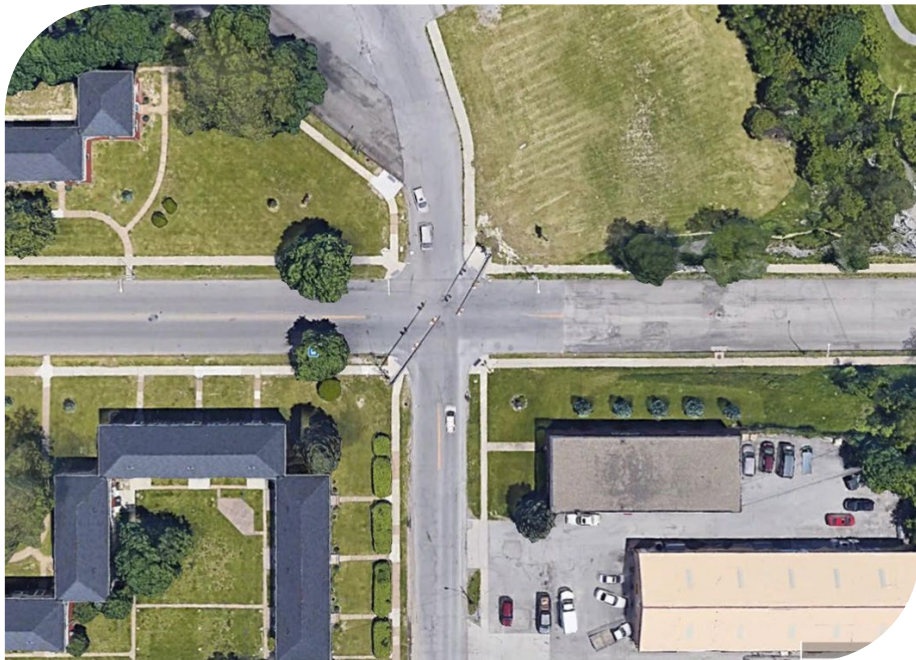

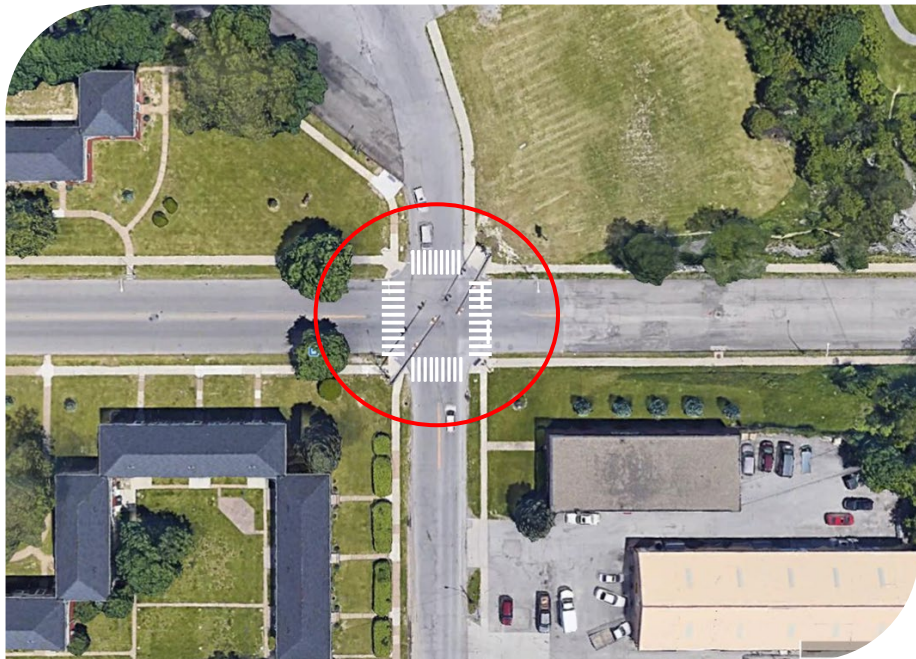

McCarthy Park to Gleasner Park

- Early Activations
- Multi-Use Trail
- Creating a Linear Park

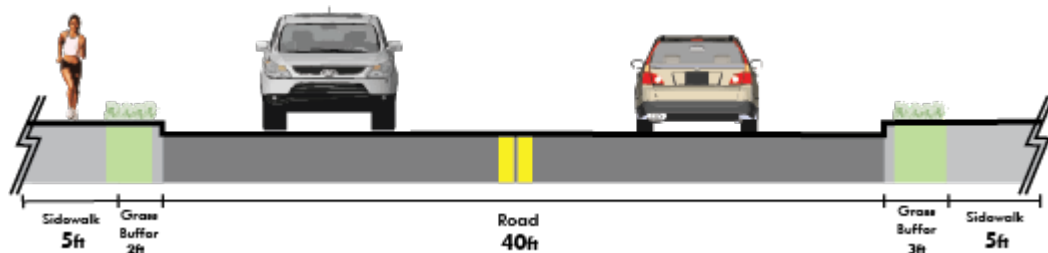

Early Activation trails

Early Activation Crosswalks

Early Activation

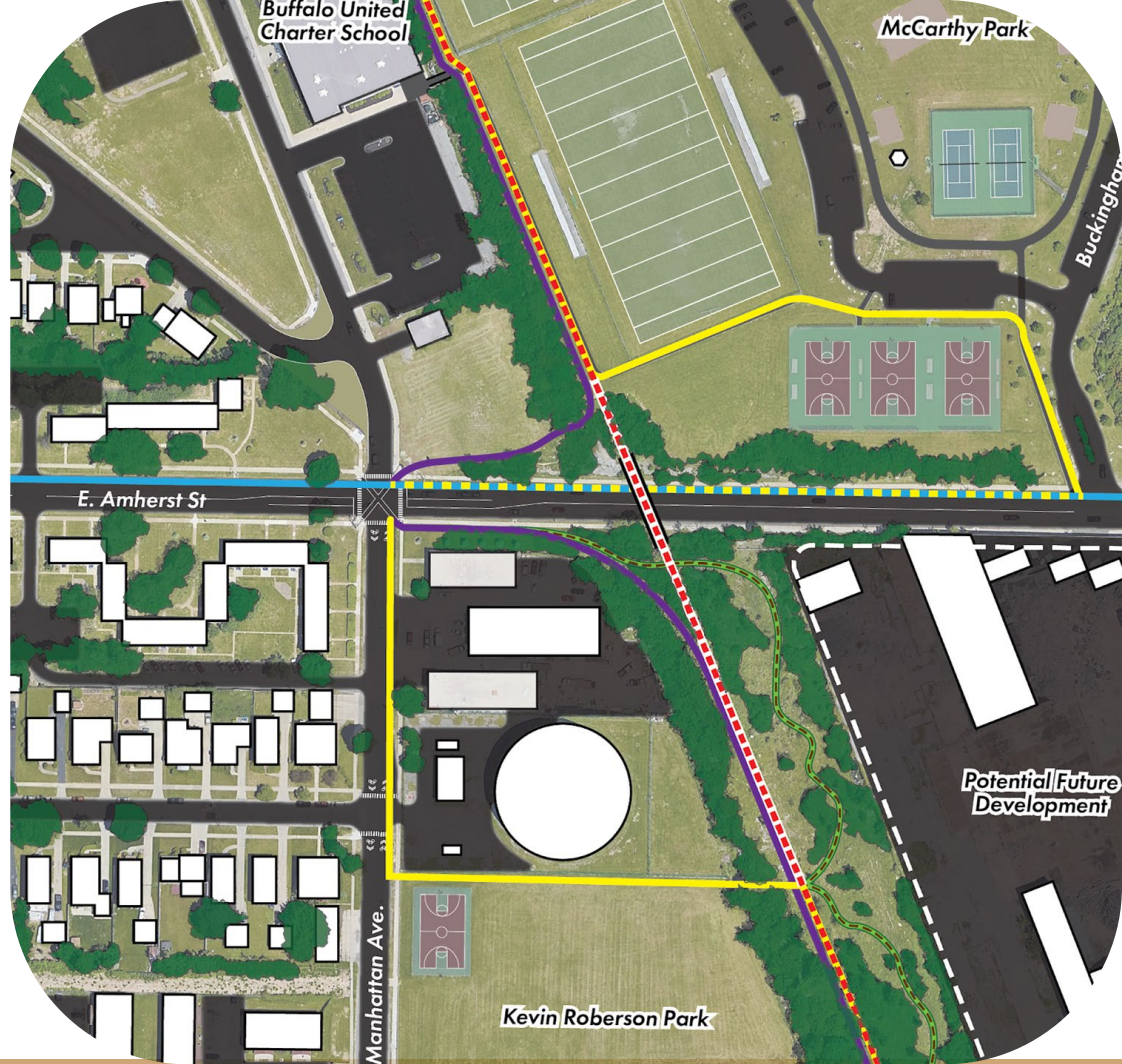

Early Activation Trail

The Multi-Use Trail

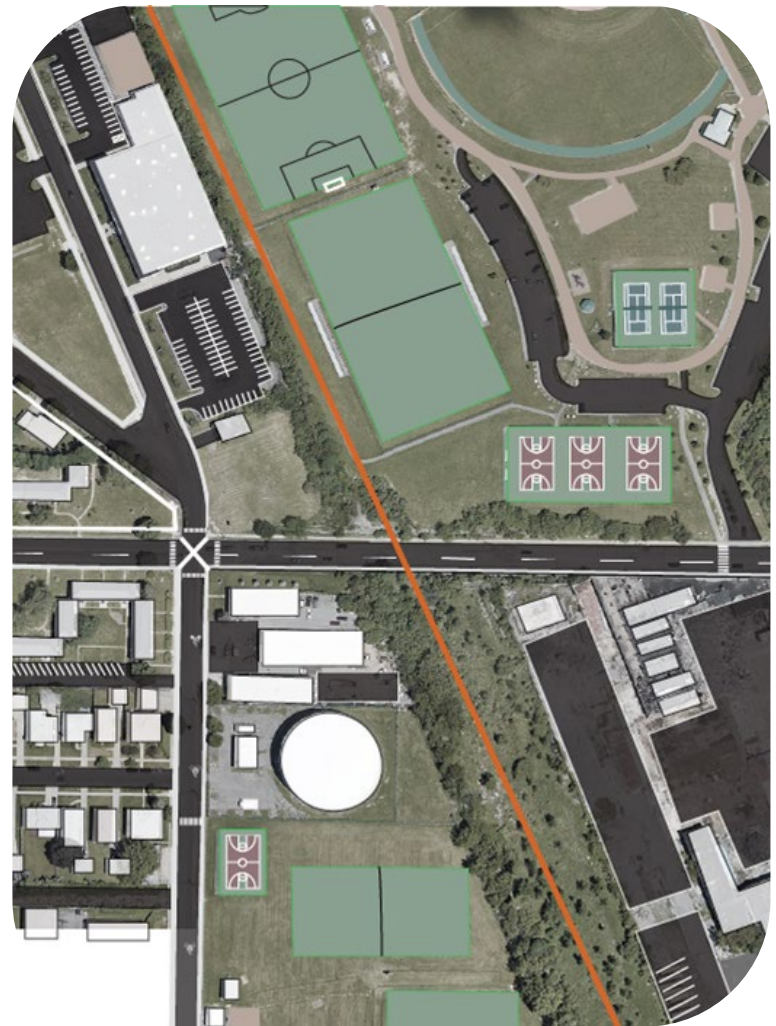

Challenges:

- Crossing East Amherst Street
- Intersection at East Amherst Street & Manhattan Avenue
- Neighborhood Trail Access

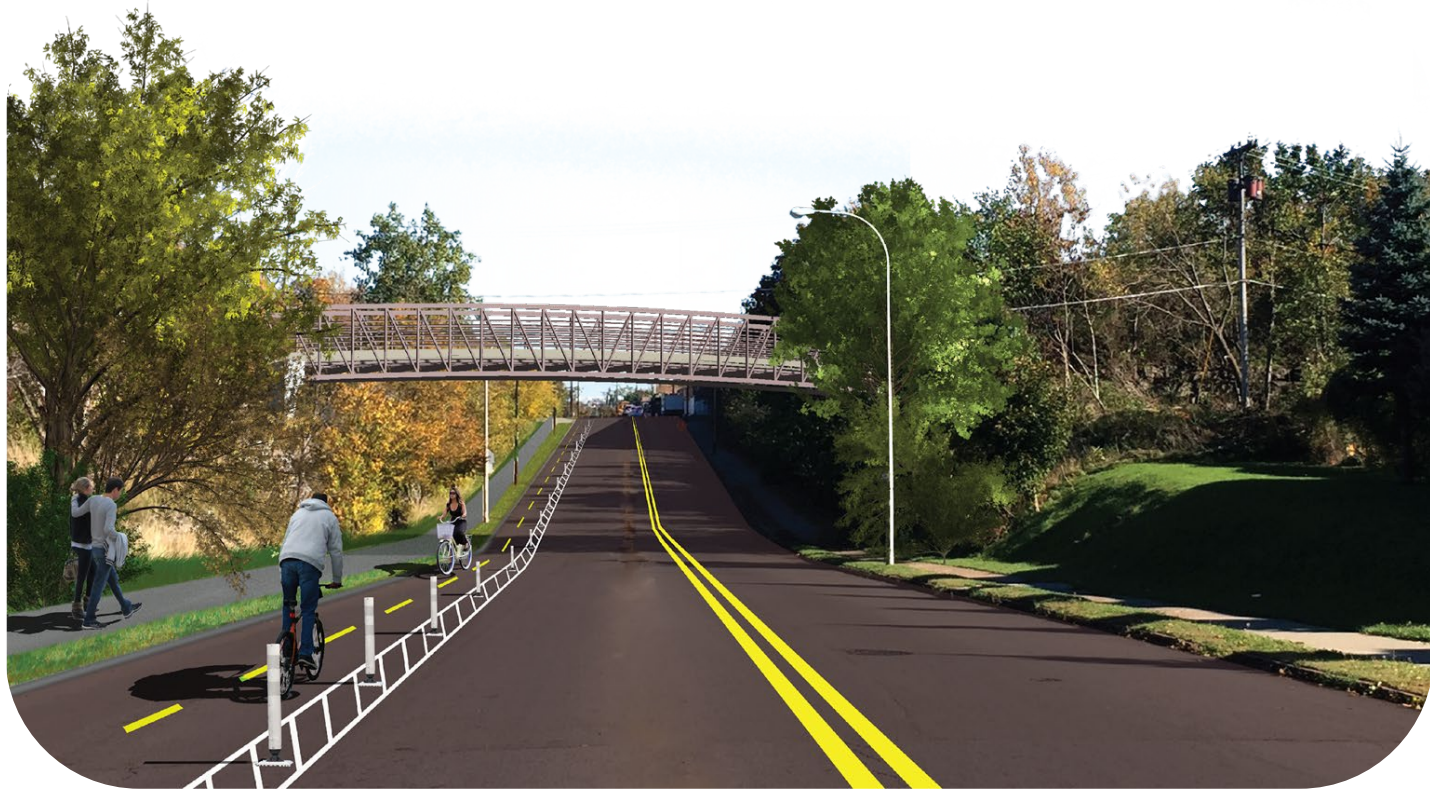

McCarthy Park to Gleasner Park | The Multi

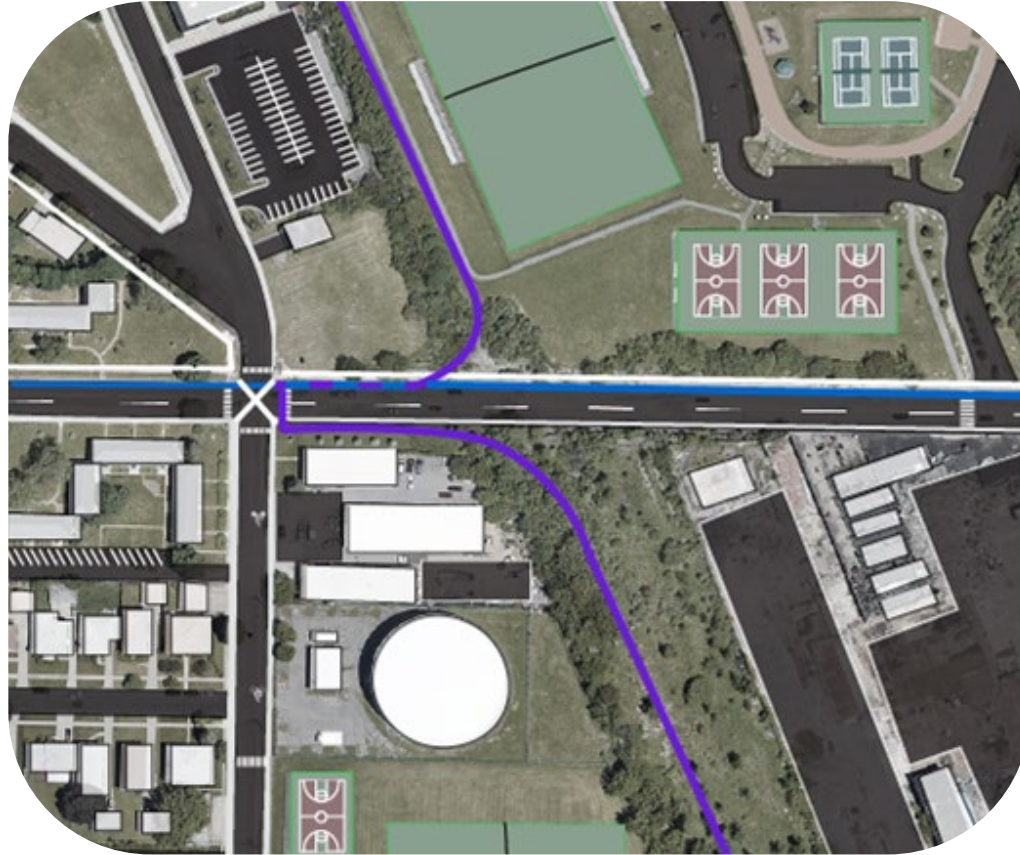

Route 1: Existing Rail ROW

Route 1: Existing Rail R.O.W. with Bridge

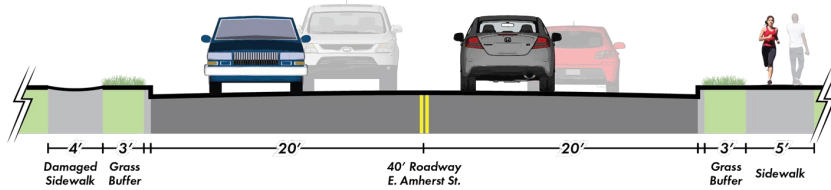

Route 2: Access Point Connection

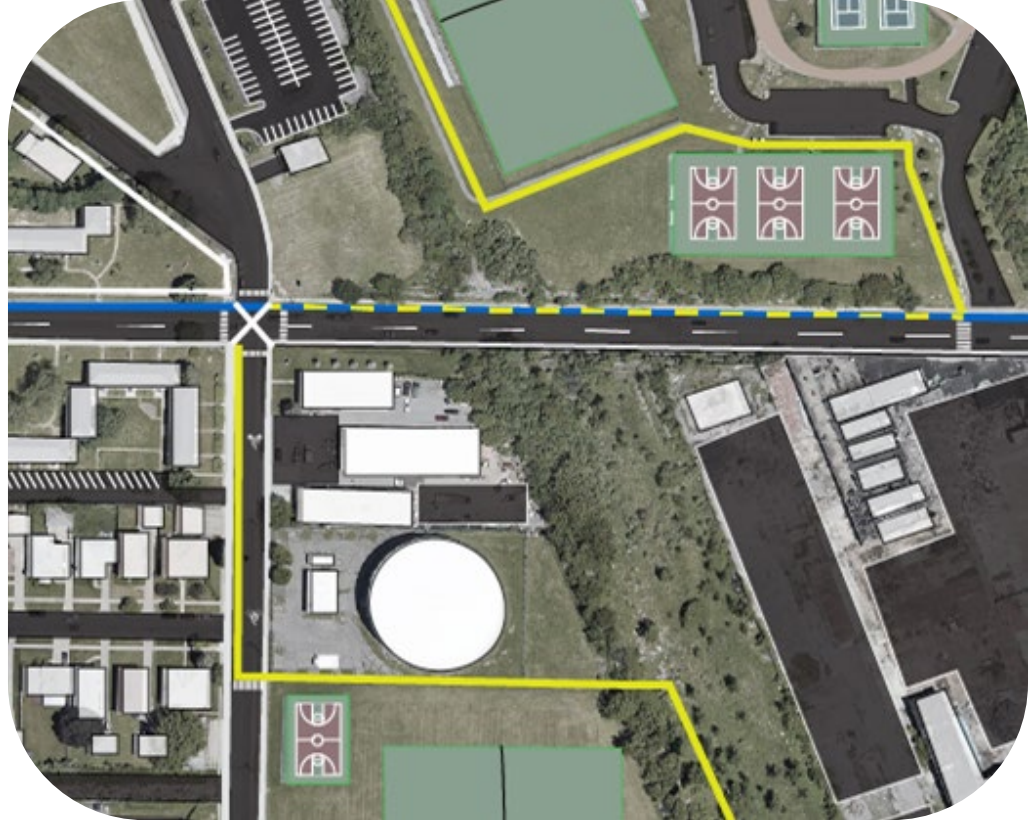

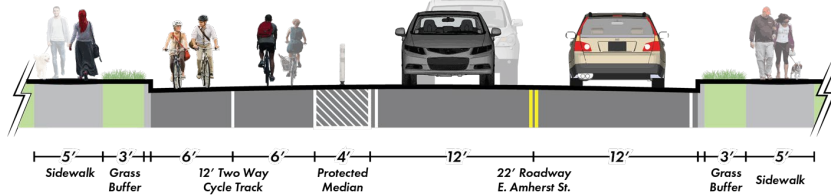

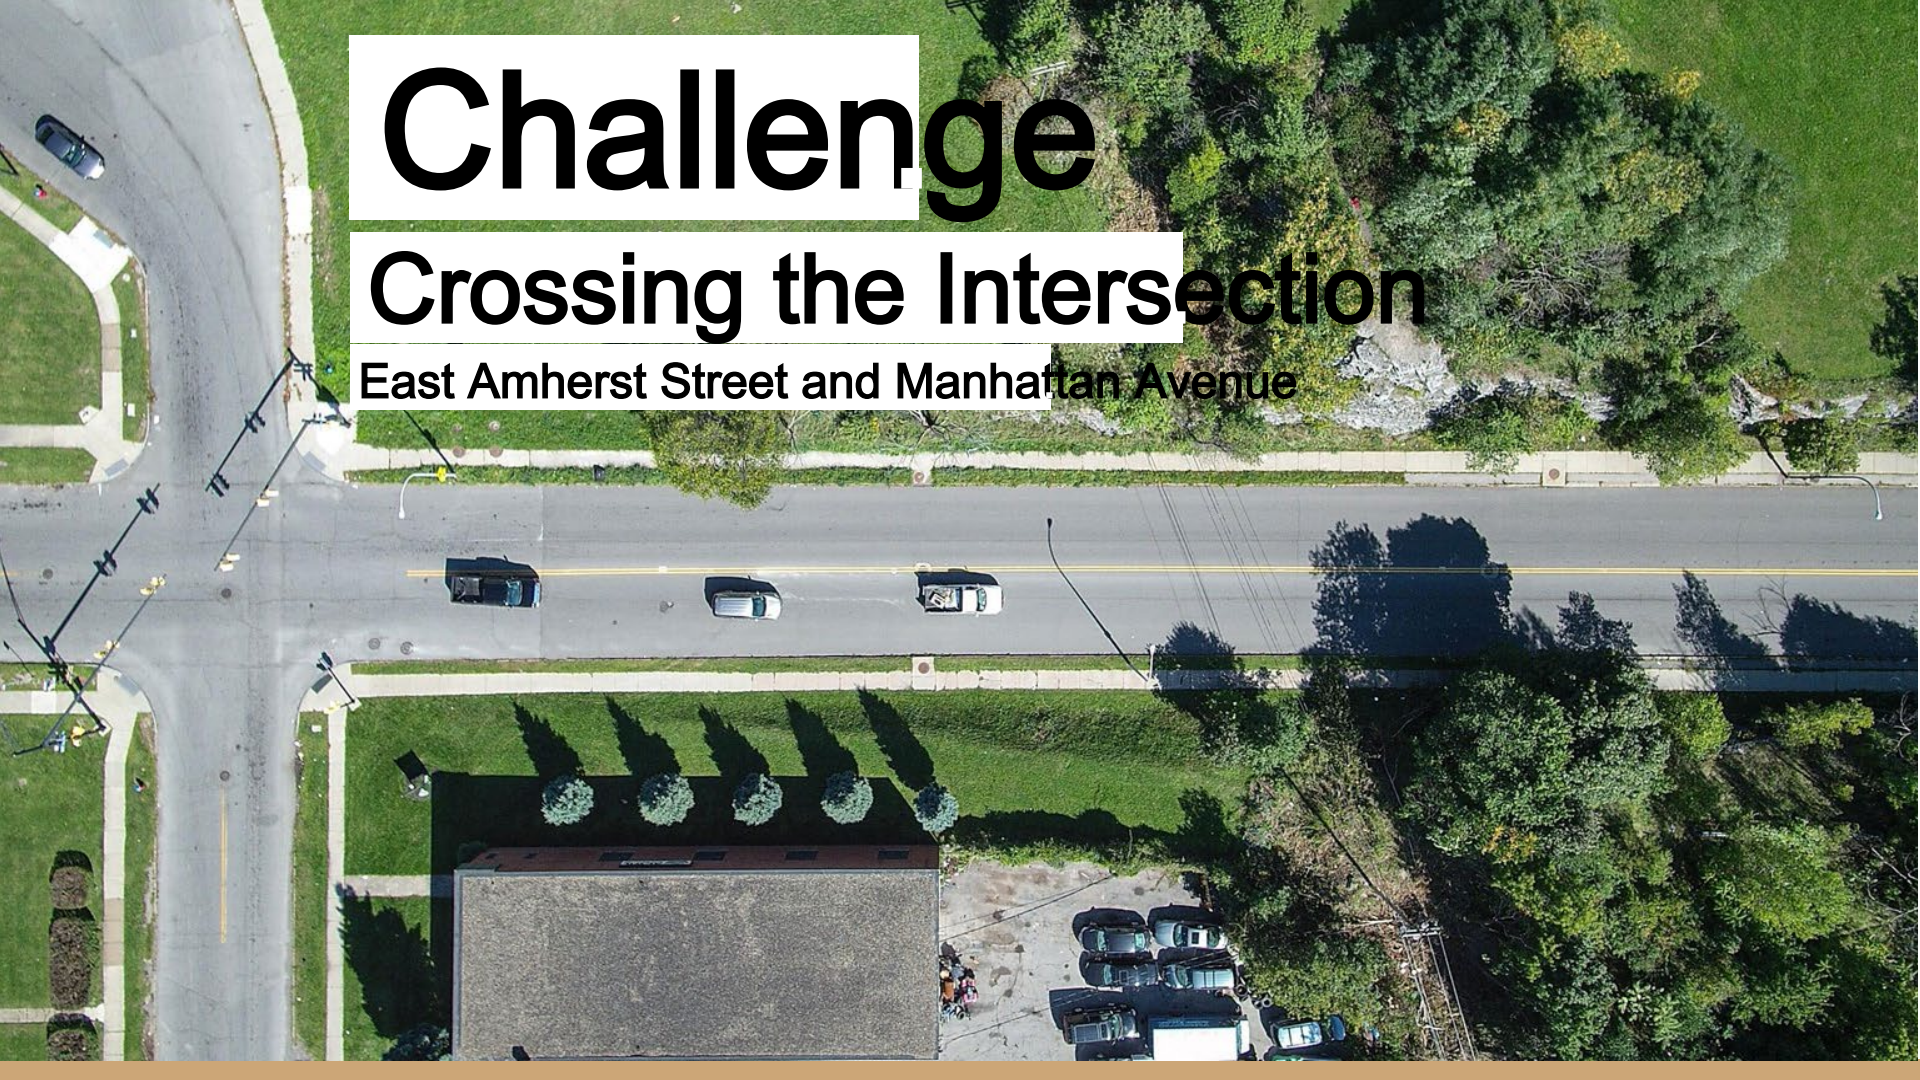

Route 3: Road

East Amherst St Existing Conditions

East Amherst St Proposed Conditions

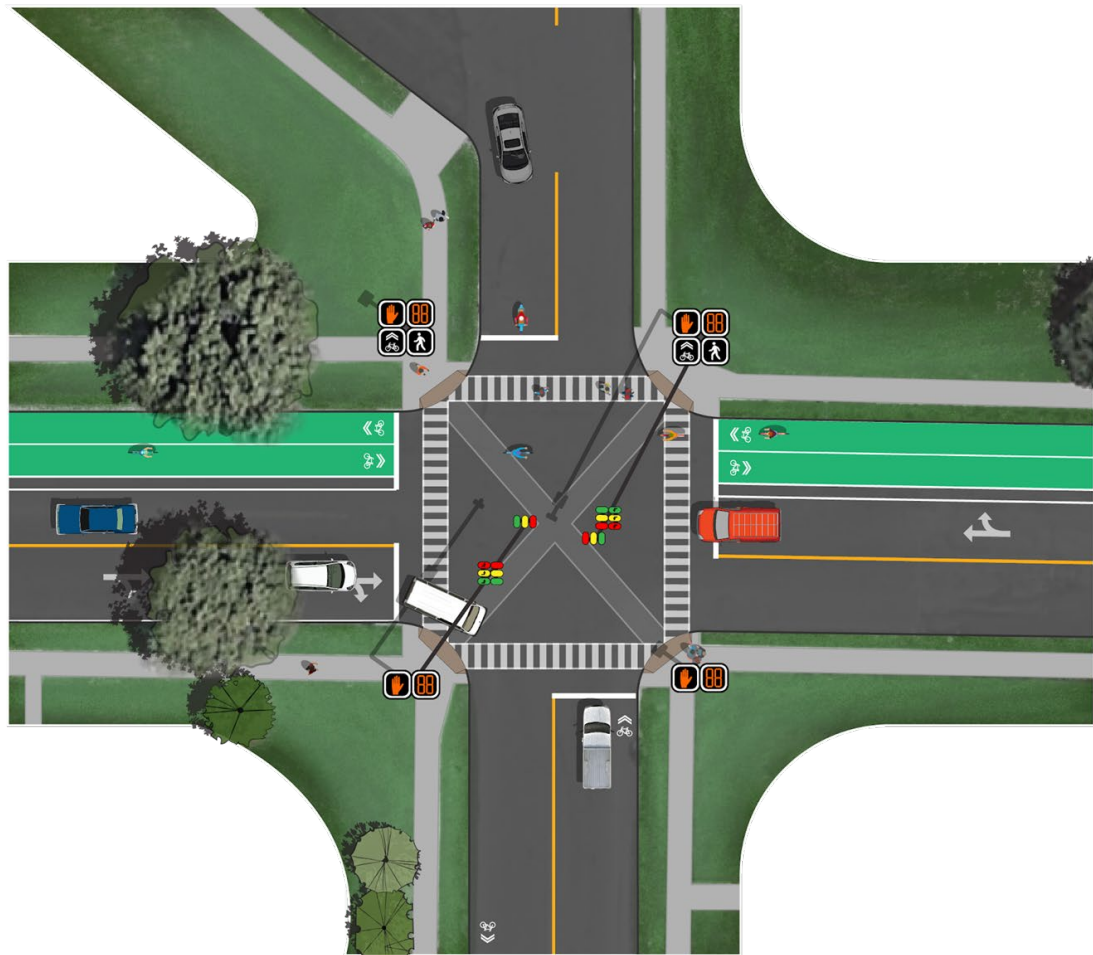

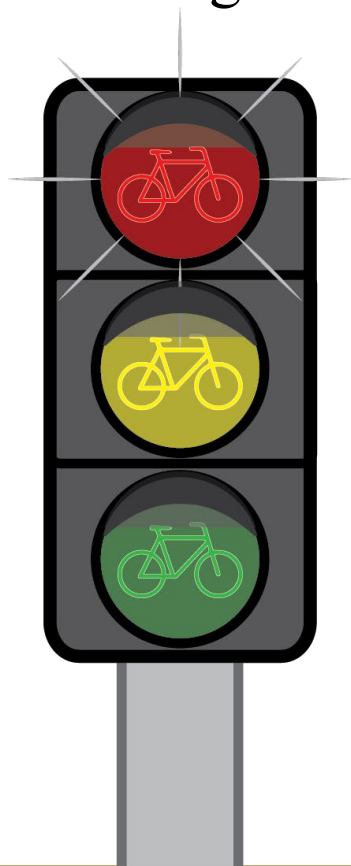

An aerial photograph of a street intersection. The main road runs horizontally across the middle. To the left, a road curves upwards. To the right, there is a large area of green trees and a grassy field. In the bottom left, there is a building with a grey roof and a parking lot with several cars. The text 'Challenge' is in a large white box, and 'Crossing the Intersection' is in a smaller white box below it. The text 'East Amherst Street and Manhattan Avenue' is in a smaller white box below that.

Challenge

Crossing the Intersection

East Amherst Street and Manhattan Avenue

Route 3 Crossing the Intersection

Tree Line Buffer | Public Art | Recreational & Nature Trail

Gleasner Park to William Gaiter Parkway

- 1 Access Points
- 2 Crossing the Intersection
- 3 William Gaiter-~~Use~~ Trail

Gleasner Park

Norfolk Ave

Challenge 1

Access Points

Gleasner Park to William Gaiter Parkway

Clyde A

Clyde Avenue

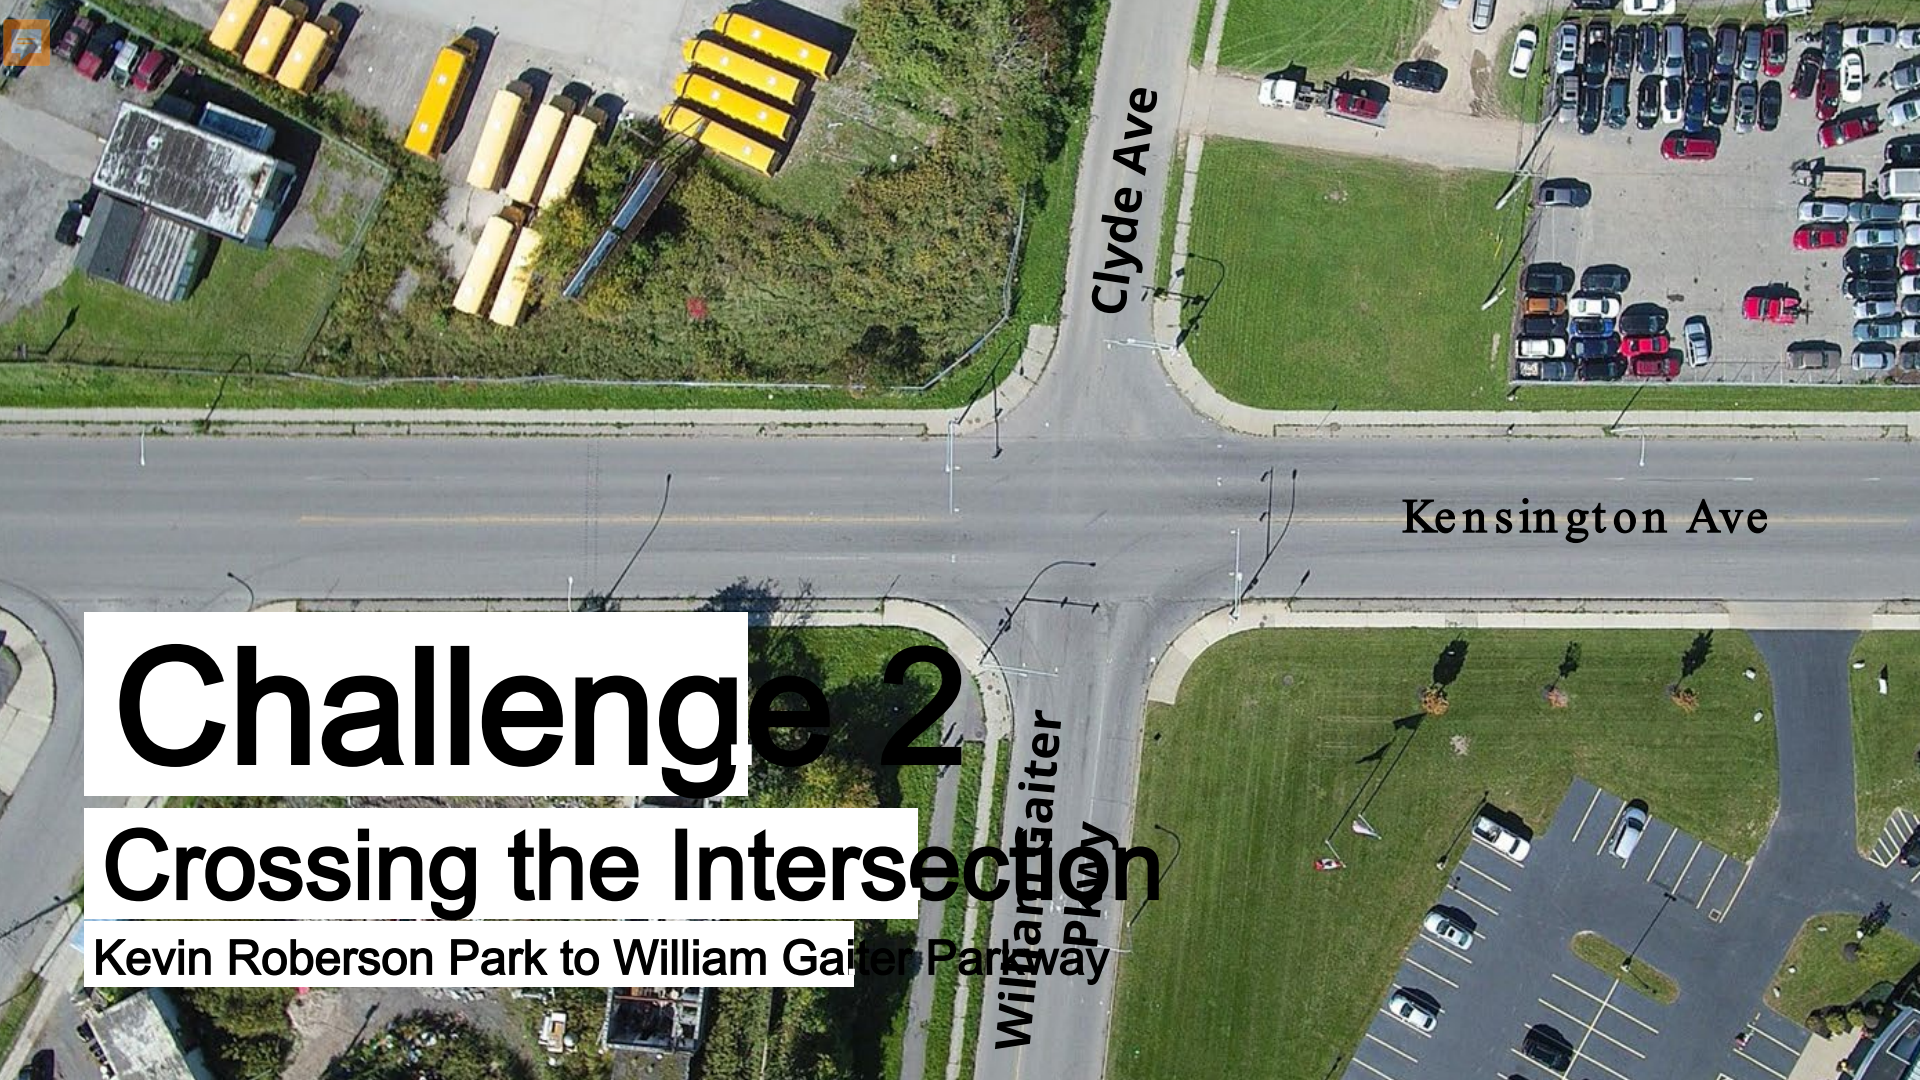

Kevin Roberson Park to William Gaiter Parkway

Clyde Avenue

Proposed

Clyde Ave

Kensington Ave

Challenge 2

Crossing the Intersection

Kevin Roberson Park to William Gaiter Parkway

Kevin Roberson Park to William Gaiter Parkway

Solution

Intersection Upgrade

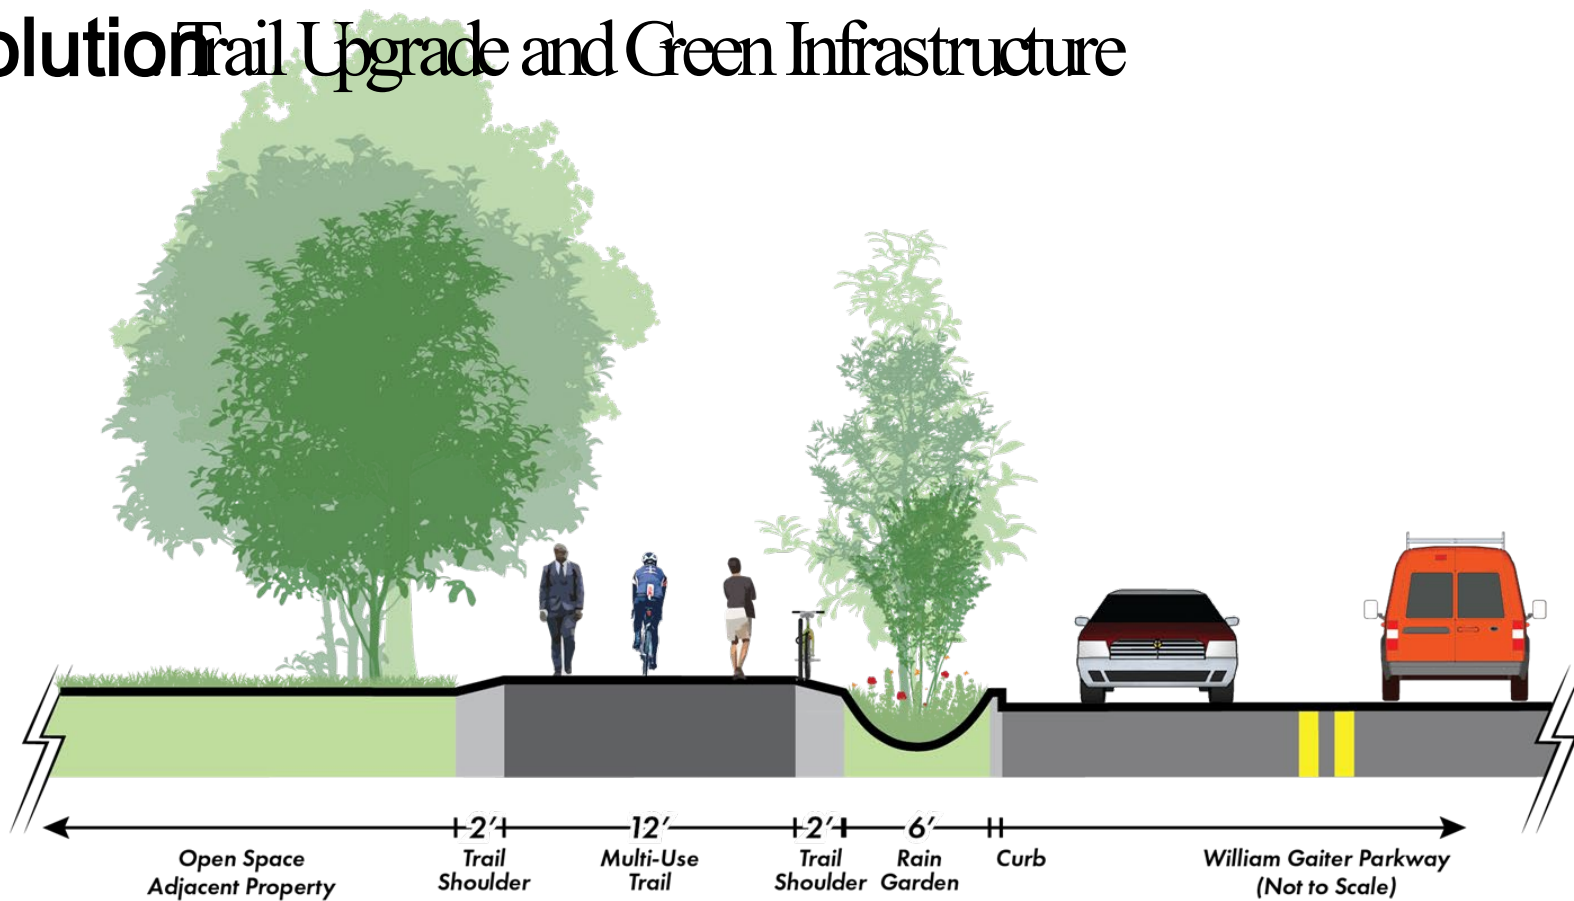

Challenge 3

William Gaiter Multi-Use Trail

Kevin Roberson Park to William Gaiter Parkway

Solution Trail Upgrade and Green Infrastructure

The Trail as a Destination

Activating the Trail

Green Walk

- Environmental Health
- Physical Health
- Mental Health

Public Art W

- Bringing the East Side into the Larger City Artscape
- Creating a Sense of Place
- Engaging the Community in Creating

Bailey Fights Blight.
(The Tool Library, 2019)

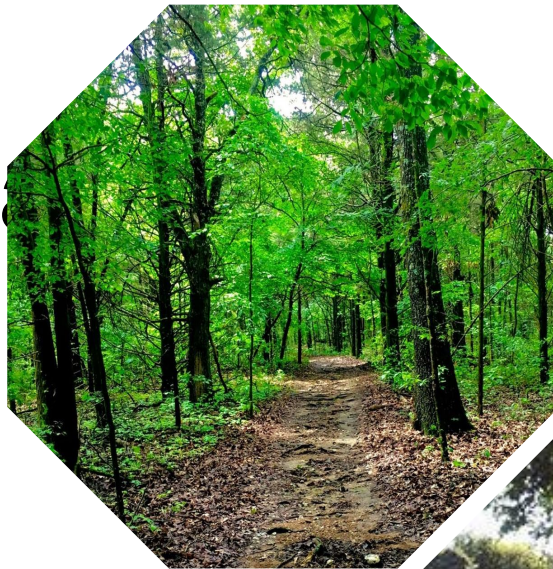

Unity Through Community.
(Cotton, 2019)

Recreation Wa

- Creating a Hiking Trail
- Place-Based Recreation
- Building on Existing Parks

Ozark Mountain State Park.
(J. Huntley, n.d.)

Homestead Park in Youngstown Ohio.
(YNDC, 2018)

Ecology Walk

- WNY is a Monarch Butterfly Summer Migration Zone
- Create Pollinator Gardens and Monarch Waystations
- Outdoor Classroom Opportunity

Elementary Students.
(L. Fedorchuk 2019)

Monarch Waystation.
(Monarch Watch, 2019)

Silo City Native Planting (J. Smith, 2019)

Wayfinding & Lighting

- Creating a Sense of Place
- Guide User to Trail Head Amenities
- Route Users to Neighborhood Destinations
- Lighting Enhancements for Safety & Security

Thank You!
