RFP Number	2026-PLN-07
Project	South Gateway & Riverside Neighborhood Revitalization Plan
Contract Term	Approximately 16 months from Notice to Proceed
Anticipated NTP	January 2027
Maximum Contract	\$325,000, inclusive of reimbursable expenses
Questions Due	October 2, 2026, 4:00 PM ET
Proposals Due	October 30, 2026, 3:00 PM ET
MWBE Goal	30% combined participation goal; good-faith efforts required
Submission	Three PDFs: Technical Proposal, Cost Proposal, Required Forms

1. Invitation and Purpose

The City of Northfield invites qualified multidisciplinary planning teams to prepare a neighborhood revitalization plan for the South Gateway and Riverside study area. The City seeks a practical, community-centered plan that integrates land use, housing, economic development, transportation, environmental conditions, public realm, zoning, implementation, and funding.

The selected consultant will be expected to move beyond a traditional policy document. The final plan must identify catalytic projects, realistic implementation responsibilities, preliminary cost ranges, likely funding sources, and near-term actions that can be advanced immediately following adoption.

2. Community and Study Area Context

Northfield is a fictional mid-sized New York municipality used for this portfolio exercise. The South Gateway and Riverside area is envisioned as a mixed neighborhood and employment district containing established residential blocks, legacy commercial and industrial properties, public and affordable housing, community institutions, a major riverfront, transportation infrastructure, and substantial vacant or underutilized land.

Figure 1. Illustrative aerial view of the fictional South Gateway & Riverside study area, showing the general riverfront, neighborhood, commercial and employment context for this mock procurement.

3. Project Goals

- Create a shared, implementable vision for South Gateway and Riverside.
- Reconnect neighborhoods to the riverfront, jobs, services, downtown, parks, and community destinations.
- Support housing choice and affordability while reducing displacement risk.
- Identify catalyst redevelopment and adaptive-reuse opportunities on vacant and underutilized sites.
- Strengthen local business corridors and neighborhood-serving economic activity.
- Advance Complete Streets, transit access, bicycle and pedestrian safety, ADA accessibility, and trail/river connections.
- Integrate brownfield, stormwater, climate resilience, environmental justice, and open-space considerations.
- Recommend zoning and land-use changes that enable the desired development pattern.
- Deliver a five-year action plan and funding strategy with grant-ready priority projects.

4. Scope of Services

Task 1 - Project Initiation & Management

Kickoff, project charter, detailed schedule, data request, stakeholder map, decision protocols, biweekly project management meetings, monthly progress reports, risk/action log, and quality-control procedures.

Required deliverables: Project Management Plan; detailed schedule; data inventory; meeting summaries; monthly progress reports.

Task 2 - Existing Conditions, GIS & Field Analysis

Parcel, land use, zoning, demographic, housing, transportation, environmental, infrastructure, public-realm and community-asset analysis; field reconnaissance and photographic inventory; opportunities/constraints synthesis.

Required deliverables: Existing Conditions Report; GIS geodatabase and map series; photo inventory; Opportunities & Constraints Map; presentation.

Task 3 - Community & Stakeholder Engagement

Inclusive engagement program with at least four public meetings/open houses, four neighborhood workshops, 20-25 stakeholder interviews, two business roundtables, youth/family engagement, advisory committee meetings, online/paper survey and pop-up outreach.

Required deliverables: Engagement Plan; materials; survey/interview findings; meeting summaries; engagement database; final Engagement Summary.

Task 4 - Market, Housing & Development Opportunity Analysis

Housing needs and affordability; tenure/vacancy; commercial and development trends; displacement risk; priority-site screening; concept-level redevelopment scenarios and feasibility considerations.

Required deliverables: Housing & Development Opportunity Analysis; priority-site inventory; catalyst-site concepts; opportunity maps.

Task 5 - Transportation, Mobility & Connectivity

Pedestrian, bicycle, transit, vehicular, parking, ADA and safety review; river/trail access; Complete Streets opportunities; priority intersection and corridor concepts.

Required deliverables: Transportation Conditions Assessment; connectivity network; Complete Streets recommendations; priority project concepts.

Task 6 - Community Vision, Urban Design & Revitalization Framework

Synthesize analysis and engagement into a place-based framework covering land use, housing, economic development, mobility, public realm, open space, resilience, neighborhood identity and catalytic investment.

Required deliverables: Vision statement; revitalization framework; illustrative concept plans/sections; before-after visualizations; priority recommendations.

Task 7 - Zoning & Land Use Recommendations

Diagnostic of existing zoning and development standards; identify map/text amendments, mixed-use opportunities, adaptive reuse, parking reforms, design standards and affordability tools.

Required deliverables: Zoning assessment; recommended map/text amendments; implementation sequence.

Task 8 - Implementation, Funding & Grant Readiness

Implementation matrix with priority, lead entity, partners, timeframe, preliminary cost, dependencies, metrics and funding; five-year action plan; identify and outline at least three grant-ready projects.

Required deliverables: Implementation Matrix; Funding Strategy; Five-Year Action Plan; three grant-ready project sheets.

Task 9 - Draft Plan, Adoption Support & Final Deliverables

Prepare draft and final plan; executive summary; public presentation; staff/board briefings; comment matrix; final accessible files and editable source materials.

Required deliverables: Draft Plan; comment matrix; Final Plan; Executive Summary; presentations; GIS; graphics; editable source files.

5. Community Engagement and Equity Requirements

The City expects engagement to be continuous and accessible. Proposers should describe methods for reaching renters, homeowners, youth, older adults, people with disabilities, small businesses, public/affordable housing residents, historically underrepresented communities, and residents who do not typically attend formal meetings. The consultant shall provide plain-language materials, non-digital options, ADA-accessible venues, and translation/interpretation when identified as necessary.

6. Schedule and Milestones

The City anticipates a 16-month assignment beginning January 2027 and concluding April 2028. Proposers may recommend refinements, but the schedule must preserve adequate time for analysis, engagement, concept development, public review, implementation planning, and adoption.

7. Consultant Team Requirements

The City anticipates a multidisciplinary team with demonstrated capabilities in municipal/community planning, housing and community development, public engagement, GIS/data analysis, transportation/Complete Streets, zoning, urban design, economic development, implementation/funding, and project management. A single project manager shall serve as the City's primary contact.

8. Proposal Submission Requirements

- File 1 - Technical Proposal, maximum 45 pages excluding covers, dividers and appendices.
- File 2 - Cost Proposal, task-based fee with labor, subconsultants and reimbursables.
- File 3 - Required Forms and certifications.
- Technical proposal order: cover letter; executive summary; project understanding; technical approach; engagement; schedule; team/organization; resumes; relevant experience; references; MWBE/subconsultant strategy.
- Provide three to five relevant projects and three references.
- Identify all assumptions, exclusions and potential optional services.
- All files must be searchable, bookmarked, accessible PDFs.

9. Cost Proposal Requirements

The City's maximum available consultant budget is \$325,000, inclusive of reimbursable expenses. File 2 - Cost Proposal must present a clear task-based budget and identify professional labor, estimated hours and/or blended rates, subconsultant costs, direct and reimbursable expenses, and any optional services or assumptions. The proposal must show subtotals by task and a single TOTAL NOT-TO-EXCEED fee. The total proposed fee may not exceed \$325,000. The City reserves the right to negotiate scope and fee before award.

Required cost summary: Professional labor + subconsultants + direct/reimbursable expenses = TOTAL NOT-TO-EXCEED (maximum \$325,000).

10. Evaluation Criteria

Criterion	Weight
Project understanding and responsiveness	20%
Technical approach and quality of deliverables	25%
Community engagement and equity approach	15%
Team qualifications and relevant experience	15%
Implementation/funding orientation	10%
Schedule and project management	5%
Cost/value	10%

11. Procurement Schedule

Milestone	Date
RFP issued	September 18, 2026
Pre-proposal conference	September 25, 2026
Questions due	October 2, 2026
Addendum / responses	October 9, 2026
Proposals due	October 30, 2026 - 3:00 PM ET
Interviews, if required	November 16-20, 2026
Notice of intent to award	December 4, 2026
Contract authorization	December 2026
Anticipated Notice to Proceed	January 2027

12. Administrative Requirements

The selected consultant will be required to execute the City's professional services agreement; maintain customary professional, commercial general, automobile and workers' compensation insurance; comply with applicable equal opportunity and non-discrimination requirements; disclose conflicts of interest; and comply with records-retention and accessibility requirements.

13. Required Forms - Mock List

Form	Purpose
A - Proposal Certification	Authorized signature and validity
B - Non-Collusion Affidavit	Procurement integrity
C - Conflict of Interest Disclosure	Potential conflicts
D - MWBE Utilization Plan	Participation and good-faith efforts
E - Subconsultant List	Scope and fee by firm
F - Insurance Acknowledgment	Coverage commitment
G - Debarment Certification	Eligibility
H - References	Three client references
I - Addenda Acknowledgment	Receipt of all addenda

14. Reservation of Rights

The City may reject any or all proposals, waive minor informalities, request clarification, negotiate scope or fee, cancel this procurement, or award in the City's best interest. Costs of proposal preparation are the responsibility of the proposer.
